Statement regarding Coronavirus (COVID19)

Due the fact the social, international and national impact of the coronavirus we want to inform you regarding deliveries and risks regarding our products.

At this moment there are no problems with deliveries and transports regarding the products. We are monitoring this daily and we will inform you when deliveries are delayed or not possible, because measures against the Coronavirus.

The products we deliver are no risk for transmission of the virus. According the EFSA there is no evidence that food is a source or a transmission route for the virus.

Best regards,
Dwane van Poppel

QA-Manager
